

RSA Sectional Doors Offer Fast, Reliable and Smart Solutions for Different Areas of Need

Full Vision Sectional Doors

Full vision sectional doors are generally preferred for security, energy efficiency, aesthetics and offer several benefits that make them the perfect choice for many commercial buildings.

- Easy to assemble
- Quiet opening and closing
- High sound and heat insulation
- The working environment is illuminated by opening the window system
- By attaching the service door to the panel door, personnel entry and exit are provided
- During any electric power outage the gate can be used manually or with chain

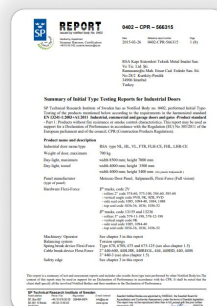

Durable Material

Unbreakable impact resistant polycarbonate is used as panel glazing.

Certified Safety For Working Places

RSA Industrial Sectional doors are tested and certified in accordance with the high safety requirements of European standard 13241, thus guaranteeing employee health and safety in industrial environments.

Long Lasting Design

All main door and operator components are of premium quality. Durability tests under real conditions guarantee long-lasting RSA quality.
